Sir,

In submitting herewith an extract from he Audit Report on the Elementary Education Fund Accounts f my Taluk Board for the year 1931-32, I have the honour o state that in the month of March 1931, 30 attendance egisters of pupils were purchased by me locally, though ts payment was made only in June 1931. The registers ere urgently required, and as there was no sufficient me to get them from the Government Press, Madras, they ere purchased locally at Re. 0-13-6 each. I may state ere that subsequent purchases were made only from the

2. The locally made attendance register is priced at 14 annas each whereas according to the price list, it is -- available at 9 annas in the Government Press, Madras. Though -- there is much difference in the cost price of the registers, I may be permitted to state that the registers locally available are far superior than those of the Government Press, in that, the former are well bound whereas the latter are only loose -- forms. If the book binding charges and the charges on account of freight and conveyance are taken into account, there is no loss to the Taluk Board in the local purchase. I therefore -- request that the Government may be pleased to approve of my action in having purchased the registers locally at Re. 0-13-6 each as a special case.
